Catalog Lithographed By MWM Color Press, Aurora, Mo.

Announcement

We have been breeding Shorthorn Cattle for 50 years on the same farm and have rented the farm and are going to take a well earned rest.

It will be our pleasure to meet anyone interested in good beef cattle at this sale.

This is a dispersion sale although no foot notes appear in this catalogue. We are sure you will find the quality, condition and breeding acceptable to add to your own herd.

We only hope that their ownership will be as pleasing to you as it has been to us.

DISPERSION SALE

Guarantee

This is a working herd as can be seen by the number of calves at foot. There will be no fitted cattle, they will be presented in their everyday farm working condition.

Every animal will be represented as is, if any thing is wrong we will bring it out to the best of our knowledge and there will be no further guarantee as this is a dispersion sale.

HEALTH: All cattle will have passed a clean TB test within 30 days of sale. The entire herd has been calfhood vaccinated for Bangs.

All females over 30 months of age will be blood tested. Calfhood vaccination certificates will be furnished for all animals under 30 months of age.
